

# **BRUSH CLEANER**

- **A METHYL ETHYL KEYTONE BASED PRODUCT**
- **WILL NOT CONTAMINATE THE PRODUCT DURING APPLICATION**
- **CONDITIONERS THAT WILL EXTEND THE LIFE OF YOUR BRUSH**

**THIS PRODUCT:** Brush Cleaner is a professional product that removes excess acrylic build up from the brush while conditioning the bristles. Proper use of this product will lengthen the life of your brush while maintaining its performance.

**HOW TO USE:** Use Brush cleaner when your monomer is not keeping the bristles free of product. Immerse your brush in the cleaner and wipe the acrylic out on a lint free towel. Repeat until the brush is free of all acrylic.

**BRUSH CLEANER** is available in

- 2oz bottle
- 4oz bottle
