

DUET BUFFERS

- **SHAPED FOR MAXIMUM EFFICIENCY**
- **DURABLE**
- **SANITIZABLE**
- **VERSATILE**
- **MADE FROM THE FINEST QUALITY ABRASIVE MATERIALS**

DUET BUFFER180/280

- Grey with a lavender center
- Medium/fine grit
- For use on artificial enhancements and natural nails

THIS PRODUCT: This Duet buffer has a torpedo shape that was designed for greater surface contact for faster more efficient buffing.

HOW TO USE: When finishing artificial enhancement; use the 180/280 buffer after you have used the 100/180 buffer to smooth out all scratches.

When doing a manicure use the 280 side of the buffer to smooth out any ridges on the natural nail. This will also help your polish last longer.

DUET BUFFER100/180

- Grey with a blue center
- Coarse/medium grit
- For use on artificial enhancements

THIS PRODUCT: This Duet buffer has a torpedo shape that was designed for greater surface contact for faster more efficient buffing.

HOW TO USE: When finishing artificial enhancements: start with the 100 side of the buffer to smooth out surface scratches from filing. Next use the 180 side to continue the process of eliminating scratches.

Available in 6 and 15 pack
