

ELECTRIK SLYDE

ELECTRIC FILING OIL

- CUSHIONS CUTICLE
- HELPS REDUCE HEAT
- ELIMINATES FILING DUST
- USE WITH ANY ELECTRIC FILE

THIS PRODUCT: Is an oil based solution specially formulated for electric files. It is fragrant and color free to prevent clogging to the hand piece and bits. Designed to cushion the cuticle from the bit, minimize friction to avoid heat build up, and eliminate filing dust.

HOW TO USE: When finishing an acrylic nail, apply Elektrik Slyde directly on the nail and file with your Diamond Barrel Bit. Reapply as needed. When doing a manicure, apply Elektrik Slyde directly on the natural nail and smooth the nail with a Diamond tapered buffer finisher bit. Reapply as needed. Not to be used with carbide bits, cotton or leathers chamois.
