

# **STOP-IT**

## **THE SOOTHING SOLUTION FOR SENSITIVE HANDS**

- **Stops primer burn (chemical burn) instantly**
- **Soothes sensitive clients**

**THIS PRODUCT:** Stop-It is an anti-irritant guaranteed to instantly soothe the discomfort associated with primer (chemical burn). Stop-It is also extremely effective against sensitive client reactions to many of the chemicals used in artificial enhancements, and will not interfere with the service in progress.

**HOW TO USE:** For precautionary use, or for sensitive or damaged nails or cuticles, apply before primer. If the client is experiencing primer “burn”, apply Stop-It directly over product. Stop-It will not affect the adhesion properties of primer.

## **THE BENEFITS ARE:**

- Will ease any fears that sensitive clients might have
- You will always be prepared for the unexpected
- Formulated with Aloe Vera to help soothe and heal irritated tissue

## **STOP-IT is available in**

- **6 pack display and 1.2oz bottles**
