

TOTAL ECLIPSE

- Acrylic UV topcoat
- Non yellowing
- Optical enhancers

THIS PRODUCT: Total Eclipse protects acrylic nails from exposure to ultra violet rays. The optical enhancers bring out the natural look of the nail bed and the clean white of the free edge. Total Eclipse also brings out the brilliance of the colored collections.

HOW TO USE: Apply two coats of Total Eclipse over the acrylic nail. If your client experiences any softening from the use of suntan lotions or face creams, apply one coat of Out the Door topcoat over the Total Eclipse. Not for use on polish

THE BENEFITS ARE:

- Will prevent acrylic nails from yellowing or staining due to clients that frequent tanning salons.
- Will enhance colored and glitter enhancements
- Dries in two minutes

TOTAL ECLIPSE is available in

- 6 pk display
